Choose a username you like and can share with other people. Your username is permanent and yours forever. Secure Form Enter the email address you use for your Big Fish account. We send you a temporary password. Need help? Cancel the secure form Destroy all the bricks and collect all the power drops to move to the next level. The control of the keyboard is customizable with the keys of change ... Menu. The digital keys of the keyboard are active as control keys in addition to all the user-selected settings. The default user-selectable keyboard settings are the j, k and l keys for left, swivel and right, and the drop space bar. The key a controls the thrust. On the digital keyboard, the 4, 5, 6 and 0 act in the same way as j, k, l, and space. Bricklayer for Windows is a port of Steve Chamberlin's popular fast-fall block game for the Macintosh. The Macintosh version was honorably mentioned in the 1993 MacUser Shareware Awards, and well-reviewed in many books and magazines. Guaranteed to make you addicted, Bricklayer for Windows features beautiful artworks of 256 colors, an original musical soundtrack, terrific sound effects, and more. Systems that are not 256 colors or capable of sound are also supported. No cheats posted for this game at the moment. Developed by Image not available forColour: Press the worker to get a brick and press again to throw it against another brick of the same color. You have to break a lot of bricks to get a lot of points. Play Play
